Subject: RE: Stoke Golding Neighbourhood Plan Consultation Reminder

Dear Jim

We have discussed this at the business meeting last Monday night.

Please say that again

Ideally moving forward with Stoke Golding's population growing we would ideally wish the surgery to be open additional hours to accommodate the demand. This would mean employing additional clinical staff such as GP, nursing hours and paying additional costs for heat light etc, however because of funding issues this is not financially possible.

regards

[REDACTED]

Practice Manager
